Parenting in the Digital Age Workshop

Parents, do you know all that your child has access to online? Are they aware of the dangers? Have you established any boundaries? How do you help them process what they become exposed to?

If you need help answering these questions in a God-honoring way, Grace Baptist is hosting a Parent Workshop called Parenting in the Digital Age on Friday, February 9 from 6:30PM - 8:30 PM.

David Tucker, our speaker for the evening, is the founder of DigitalParenting.com, and has years of experience in technology, parenting, and discipling. David will help raise awareness of the dangers of technology available to our students, and give steps we can take to protect and guide them as they navigate the waters of technology.

The cost for this event is \$10 per parent, and will cover our speaker, childcare for babies - 10 years old (including Chick-Fil-A nugget meal), and food for you. **Children must be registered by February 2.**

Don't miss this great opportunity to be informed and equipped as a parent and discipler of your students/children!
